PROFILE AND OBJECTIVES

I'm Lauren Matthew C. Andrade, a 22-year-old IT student. I am eager and enthusiastic about the opportunity to embark on an internship that will surely enhance my knowledge and skills while contributing positively to the dynamics and collaborative work environment.

My objectives are to gain valuable hands-on experience and contribute my passion to make a meaningful impact to the team. I am excited to step into another chapter as I believe it presents a unique opportunity for my personal and professional growth.

EXPERIENCE AND PROJECTS COMPLETED

Concert Ticket System
December 2022

In this project, we made an online concert ticketing website where customers can buy tickets online for a certain concert. This project provides us with a broader knowledge of PHP, HTML, and SQL.

Online Vendo Loading System
December 2022

As part of this initiative, we made an online loading system inspired by a vendo machine exclusively for students at Jose Rizal University. This project allows us to manage our part as a team for our course subject project management.

Capstone Project: E-commerce for Zeny's Minasa
2023

Part of our requirement is to make a project/website for our chosen beneficiary. We made an e-commerce platform or online store for Zeny's Minasa located in Bustos, Bulacan. The famous specialty minasa in town. This helps us to contribute to small businesses for more convenient and easy transactions.
